Vēsture

Ideja par konditorejas uzņēmuma dibināšanu radusies Dzintaram kopā ar sievu, jo tolaik Līvānos, kāda saimniece mājās cepa torti no plaucētas mīklas ar svaigu kakao krēmu, ko vietējie dēvēja par «Dāmu pirkstiņiem». Sapratuši, ka šādus gardumus katru dienu nav iespējams iegādāties, nolēmuši, ka laiks rīkoties. Un tā 1994. gadā tika dibināts uzņēmums SIA «Daugulis & Partneri», un šo gadu laikā sortiments no šīs iecienītās kūkas ievērojami paplašinājies.

Attīstība

Veiksmīgi darbojoties mazumtirdzniecībā un nelielajā konditorejas cehā, nebija spējīgi apmierināt pieprasījumu, tad arī sapratuši, ka vietas ir par maz un jāmeklē citas ražošanas telpas. Un tā, 1997. gadā tika iegādāta vecās kiegļu rūpnīcas administratīvā ēka, tā tika daļēji renovēta un uzsākta maizes ražošana. Šajās telpās rūpnīca strādā līdz pat šai dienai. Paplašinot ražošanu un produktu klāstu, 2001. gadā tika atklāta maizes grauzdiņu ražotne, bet 2008. gadā durvis vēra jauna cepumu ražotne. Viens no pēdējo gadu firmas populārākajiem produktiem, viennozīmīgi, ir mafini. Uzsākot mafinu ražošanu nelielās telpās, ātri vien noskaidrojās, ka pieprasījums pārsniedz piedāvājumu. Pateicoties ES struktūrfondam tika uzsākta ēkas 3. stāva renovācija, kura tika pabeigta 2020. gadā.

Ilgstošas un veiksmīgas sadarbības rezultātā 2019. gadā radās Latvijas un Dānijas kopuzņēmums SIA "MAX BAKERY", kurš atrodas Daugavpilī. Tā ir moderna ražotne ar jaunām, mūsdienīgām iekārtām, kas ir tendēta uz produkcijas ražošanu Ziemeļeiropas tirgum.

Vērtības

Cilvēkam ļoti nozīmīga ir ģimene, tā arī ir mūsu uzņēmuma galvenā vērtība, tādēļ uzņēmumā, kopā ar tā dibinātājiem- vecākiem, strādā arī abi dēli. Mūsdienās patērētājs kļūst aizvien prasīgāks, daudz vairāk uzmanības pievēršot produkcijas sastāvdaļām, tāpēc arī Līvānos esošā ceptuve cenšas piedāvāt klientiem produkciju ar iespējami maz konservantiem, neizmantojot ĢMO, un priekšroku dodot Latvijā ražotām izejvielām. Arī receptūras ir unikālas, jo pašu izstrādātas.

Pieejamība

Uzņēmuma produkciju iespējams iegādāties lielākajos tirdzniecības tīklos Latvijā un, protams, arī firmas veikalā «Monikas beķereja» Līvānos. Jaunums – mūsu preces var iegādāties arī internetā, mūsu mājas lapā www.daugulis.lv

Daugulis & Partneri

History

The idea to establish a confectionery company came to Dzintars together with his wife, because at that time in Līvāni, a housewife baked a cake from scalded dough at home with fresh cocoa cream, which the locals called "Ladies' fingers". Realizing that it is impossible to buy such delicacies every day, they decided that it was time to act. And so in 1994 the company SIA "Daugulis & Partneri" was founded, and during these years the assortment of this popular cake has significantly expanded.

Development

Having successfully operated in retail and a small confectionery shop, they were not able to meet the demand, they also realized that there were not enough places and they had to look for other production premises. And so, in 1997, the administrative building of the old brick factory was purchased, it was partially renovated and bread production began. The factory still operates in these premises to this day. Expanding production and product range, a rusk factory was opened in 2001, and in 2008 a new biscuit factory opened its doors. One of the company's most popular products in recent years is clearly muffins. With the start of production of muffins in small premises, it quickly became clear that demand exceeded supply. Thanks to the EU Structural Funds, the renovation of the 3rd floor of the building was started, which was completed in 2020.

As a result of long-term and successful cooperation, in 2019 the Latvian-Danish joint venture SIA "MAX BAKERY" was established, which is located in Daugavpils. It is a modern production plant with new, modern equipment, which tends to produce products for the Northern European market.

Values

Family is very important to a person, it is also the main value of our company, therefore both sons also work in the company, together with its founders – parents.

Nowadays, the consumer is becoming more and more demanding, paying much more attention to the ingredients of the product, therefore the bakery in Līvāni also tries to offer customers products with as few preservatives as possible, without the use of GMOs, and preferring Latvian-made raw materials. The recipes are also unique because they are self-developed.

Availability

The company's products can be purchased in the largest retail chains in Latvia and, of course, also in the company's store "Monikas Beķereja" in Līvāni. New – our goods can also be purchased on the Internet, on our website www.daugulis.lv
